Spacious cabinet, dust collector and media separator? Yes! And it comes all assembled. A huge interior, easy to load front, powerful everything! All this and affordable too!

Cyclone abrasive blasting cabinets are constructed from high quality components, then sealed and painted to prevent leaks and protect the exterior finish.

Welded steel makes for a sturdy cabinet capable of handling heavy items. Large front opening door with gas assist shocks. Pedal operated gun with tungsten carbide nozzle.

Our headquarters is in Michigan and we proudly label our products Made in the USA. Our customer service is ready to help you before or after a purchase.

With budgets in mind, we produce quality that won't hit your bottom line.
