Filter	Pleated Cloth Cartridge
Motor	1/3 Horsepower Direct Drive
Efficiency	400+ CFM
Electrical	110 Volts
Weight	225 US Pounds

The DC4000 produces a powerful 400+ CFM. A tremendous amount of airflow for the most demanding environments. Powered by a 1/3 horsepower direct drive motor, this unit is both powerful and solid.

Constructed of 16 gauge welded steel, this unit stands up to the toughest environments. A large cartridge filter protects the motor from dust and debris without sacrificing airflow.

Our headquarters is in Michigan and we proudly label our products Made in the USA. Our customer service is ready to help you before or after a purchase.

*With budgets in mind, we produce quality that won't hit your bottom line.*
